ZenDAW 1.0.8

Toolbar Presets

At startup ZenDAW loads **Toolbar 1** as a default preset. Once loaded you can select the Toolbar of your choice into the **Nav - Pitch** hidden window menu under the **Toolbar Selection** submenu. (It may take a few minutes to load depending on the CPU of your computer). Here are listed the small differences between all Toolbar Presets:

Toolbar 1

Toolbar 2

Toolbar 3

Toolbar 4

Toolbar 5

Toolbar 6

Toolbar 7

Toolbar 8

Toolbar 9
